

Historic Sites & Buildings

To commemorate Anderson Township's 200 year anniversary since its founding in 1793, the History Committee of the Bicentennial Commission has prepared these maps to depict many of the historic buildings, sites, places and events located throughout the greater Anderson Township area including Mt. Washington, California and Newtown. The information contained herein will provide a greater awareness of the area's rich and diverse history and character. As we celebrate our Bicentennial Year, 1993, let us be mindful of the significant contribution made by those early pioneers whose determination and perseverance formed the basis for the quality of life we now enjoy. This document is dedicated in their memory.
