FOREWORD

Soon after I became Secretary of the Board of Trustees, the need of an index of near-current minutes became obvious. I prepared an index of the (then) incomplete volume which started in 1942, and an index of the volume which covered the years 1929-1942. These indices are bound with the volumes indicated. I planned to index earlier volumes of minutes in like manner, but decided that a single index would be more valuable. Accordingly I prepared two indices, one of two Deacons' Minute books, 1747-1908, and one of five Trustees' Minute books, 1788-1942.

For the purpose of these indices, the Minute books were designated by letter:

Deacons' Minutes,	a	1747-1837
	b	1837-1908
Trustees' Minutes,	a	1788-1861
	b	1861-1891
	c	1891-1907
	d	1907-1929
	e	1929-1942
	f	1942-1952?

This letter designation is used only in these indices: it does not appear on the original Minute books. The names and events in the first Deacons' Minute book were indexed from a typed copy. This copy was made by the New Jersey Historical Society a dozen years ago. All other names and events were taken from the original books.

The Trustees' Minutes, in particular, contain many references to persons who were never members of this church.

Names of persons have been very carefully and thoroughly indexed. Events were less carefully indexed.

The Trustees' index is complete through volume e (1942). However, it contains some entries from volume f, when persons (or events) were also indexed in earlier volumes.

This is the original copy, together with (most of) the lists from which it was prepared. Three copies of this have been typed: they will eventually be distributed to non-lending libraries, on condition that they will be lent to research workers on the order of the Board of Trustees of this church, or of its designated successor(s).
